

**PINER'S NURSING HOME**

Dear Visitor,

Thank you for your interest in Piner's Care.

I hope that you have taken or will soon take a tour of our facility. It is important to take the time to get a true feeling for the philosophy, atmosphere, and dedication of the administration as well as the staff who will be delivering the care.

We, at Piner's, challenge each resident to achieve their personal best. This is done with minimal restrictions and maximum encouragement. We want each resident to feel that they are in charge and that our job is to assist them in being their best while treating them with the respect they deserve.

You will always find our building clean, attractive and well-maintained. Our smaller size and population of residents mean each resident receives more personal attention and pampering.

The Piner family has been operating Piner's Care for more than 50 years. This experience, coupled with a lot of hard work by our highly trained staff, gives us the advantage of offering the best care available.

Fortunately, you have a choice when it comes to choosing a nursing facility for yourself or your loved one. We hope you will use the power of this choice to thoroughly examine all the facilities that interest you. Take time to talk to others who have used their service, and to look into the quality of care delivered. When you're done looking, we are confident you will find Piner's superior in all aspects.

Take a few minutes to explore the contents of this package. Enclosed are a brochure, sample of our monthly newsletter, and other useful information. We welcome your questions and would be happy to provide additional tours or information that would be helpful.

Thank You

Gary Piner
